

# CUMULATIVE YEAR-END INDEX—1991

## SMALL ANIMAL AUTHOR INDEX

**A**

Ablin, L.W., 426, 1379  
 Adams, W.M., 262  
 Allen, T.A., 392  
 Anderson, J.G., 1215  
 Anderson, N.L., 1265  
 Ansari, M.M., 367  
 Atilola, M.A.O., 934

**B**

Barr, S.C., 745  
 Bayne, K., 1689  
 Belanger, M.P., 50  
 Berg, J., 426  
 Bjorling, D.E., 417, 633, 1419, 1531  
 Blagburn, B.L., 759  
 Blouin, A., 1429  
 Bouvy, B.M., 417, 633  
 Bowers, T.L., 226  
 Braswell, L.D., 1229  
 Bright, R.M., 15  
 Burrows, C.E., 15  
 Burton, S.A., 1129

**C**

Campbell, B.G., 769  
 Campbell, T.W., 949  
 Carnevale, J.M., 255  
 Carothers, M., 1058  
 Chambers, J.N., 61, 213  
 Chandler, M.L., 25  
 Chapman, G., 255  
 Chew, D.J., 1058  
 Clark, D.M., 275, 1439  
 Clinkenbeard, K.D., 207, 1697  
 Constantinescu, G.M., 245, 643

**D**

Dennis, J.S., 1811  
 DeNovo, R.C., 1578  
 Dillon, A.R., 226  
 DuFort, R.M., 615

**E**

El Bahri, L., 1123, 1429  
 Elkins, A.D., 407, 1558  
 Ellison, G.W., 15

**F**

Feldman, E.C., 1797  
 Fettman, M.J., 392, 1079  
 Foley, R.H., 783  
 Ford, R.B., 593  
 Ford, S.L., 1797  
 Fox, S.M., 381  
 Fucci, V., 407

**G**

Gambardella, P.C., 1379  
 Goldstein, G.S., 1237

**H**

Hampel, N.L., 80  
 Harvey, C.E., 41  
 Hawkins, J., 813  
 Hendrix, C.M., 86, 447  
 Hildreth, M.B., 727  
 Holt, D., 1411, 1519  
 Honor, D.J., 1129  
 Hosgood, G., 1065  
 Hoskins, J.D., 567

**I**

Ihle, S.L., 197

**J**

Jenkins, C.C., 1578  
 Jenkins, J.R., 980  
 Jensen, R.B., 615  
 Jergens, A.E., 435  
 Johnson, B.W., 374  
 Johnson, J.M., 804, 911  
 Johnson, M.D., 727  
 Johnson, R.G., 80  
 Johnston, D.E., 1411, 1519

**K**

Kallfelz, F.A., 255  
 Kapatkin, A.S., 1389  
 Kazacos, K.R., 727  
 Kerwin, S.C., 1558  
 Kirberger, R.M., 1680

**L**

Lantz, G.C., 1570  
 Leveille, R., 934  
 Lewbart, G.A., 969  
 Lewis, D.D., 1558  
 Lindsay, D.S., 759

**M**

MacCoy, D.M., 989  
 Matthiesen, D.T., 1389  
 Matushek, K.J., 621  
 Medleau, L., 557  
 Meguid, M.M., 255  
 Monsein, D.L., 1139  
 Moore, F.M., 426  
 Moser, E.A., 607, 1762  
 Mueller, D.L., 435

**N**

Nannos, A.J., 1519  
 Neer, M.T., 549  
 Neibauer, G., 1105  
 Nelson, R.W., 197, 1797  
 Nicoletti, P., 944  
 Nyska, A., 1207

**O**

Okrasinski, E.B., 15  
 Olson, P.N., 25  
 Orsher, R., 1519  
 Osborne, C.A., 1248

**P**

Palmer, R.H., 61, 213  
 Pardo, A.D., 15  
 Perry, L.A., 226  
 Petersen, S.W., 1531  
 Pijanowski, G.J., 80  
 Poffenbarger, E.M., 25

**R**

Ralston, S.L., 25  
 Rettenmaier, J.L., 643  
 Rochat, M.C., 923  
 Rosin, E., 621, 1531

**S**

Sackman, J.E., 71, 181  
 Salerno, T.A., 50  
 Salisbury, S.K., 1399  
 Schaer, M., 1769  
 Sharp, N.J.H., 41  
 Shealy, P.M., 447  
 Shields Henney, L.H., 426  
 Slutsky, A.S., 50  
 Snyder, P.S., 1785  
 Speciale, J., 1095  
 Strain, G.M., 245  
 Sullivan, M., 41  
 Sweet, D.C., 1545, 1671

**T**

Tomlinson, J.L., 235  
 Trudel, J.L., 50

**W**

Waner, T., 1207  
 Waters, D.J., 1545, 1671  
 Whitaker, B.R., 960  
 White-Weathers, N.E., 557  
 Wittnich, C., 50

## VOLUME 13 PAGINATION

<i>Issue</i>	<i>Pages</i>	<i>Issue</i>	<i>Pages</i>
January	1-97	July	1049-1147
February	169-285	August	1193-1273
March	353-457	September	1361-1447
April	529-655	October	1505-1583
May	713-843	November	1653-1705
June	897-999	December	1749-1821

## SMALL ANIMAL SUBJECT INDEX

**A**

- Acrylic external skeletal fixation of fractures, 235-241  
 general application, 235  
 materials needed, 235  
 specific fracture applications, 236-240  
 Adhesive, surgical (see Isobutyl-2-cyanoacrylate, effects on skin healing)  
 Animal cancer registries in the United States, suggestions for improved applications, 1139-1143, 1146  
 Aspergillosis and penicilliosis, canine, 41-49  
 causative factors, 41  
 clinical signs, 42  
 diagnosis, 43-44  
 differential diagnosis, 44  
 pathogenesis, 41-42  
 prognosis, 46  
 signalment and history, 42  
 treatment, 44-46  
 Astrocytes, 1095-1100  
 brain function, 1096  
 description of astrocytes, 1095  
 development of the central nervous system, 1096  
 pathology, 1096-1097  
 seizures, 1098  
 trauma and ischemia, 1098  
 Autotransfusion for intraoperative blood salvage, new technique, 1105-1117, 1120  
 case examples, 1110-1116  
 whole blood intraoperative autotransfusion, 1106-1110  
 Avian surgery, general principles of, 989-993

**B**

- Bone grafting and banking, 1558-1567  
 bone banking, 1562-1564  
 bone grafting, 1558-1562  
 definition of terms and types of grafts, 1558  
 Bone infarcts associated with malignant sarcomas, 367-370  
 diagnosis of bone infarcts, 367-368  
 malignant transformation, 368-369  
 origin of bone infarcts, 368  
 pathophysiology of bone infarcts, 367  
 treatment, 369

**C**

- Canine brucellosis, use of antibiotics in, 944-947  
 Cardiopulmonary resuscitation, canine, 50-59  
 advantages and risks of internal cardiac massage, 53-54  
 alternative techniques, 54-56  
 caution, 53  
 efficacy of external cardiac massage, 52-53  
 mechanisms, 51-52  
 Cholecalciferol rodenticide toxicity, 1058-1062  
 clinical signs, 1058-1060  
 diagnosis, 1060-1062  
 pathophysiology, 1058  
 Coccidial parasites, 759-765  
 clinical signs and disease, 762  
 diagnosis, 762-763  
 taxonomy and life cycles, 759-762  
 treatment and control, 763-764  
 Congenital deafness, dogs and cats, 245-253  
 clinical signs, 248  
 diagnostic procedures, 248-249  
 incidence and cause, 246-248  
 pathophysiology, 249-250  
 physiology and anatomy of hearing, 245-246  
 Congenitally abnormal pathways, Siamese cats, 374-378  
 Siamese trait, 374  
 visual pathways, 374-377  
 Coronavirus infection, cats, 567-589  
 coronaviruses, 567  
 coronaviruses that infect cats, 567-569  
 feline enteric coronavirus infection, 584-585  
 feline infectious peritonitis, 569-584  
 clinical findings, 571-572  
 control and prevention, 581  
 diagnosis, 577-581  
 incidence, 569  
 laboratory findings, 572-577  
 pathogenesis, 569-571  
 treatment, 581  
 vaccination, 581-584  
 Coxofemoral luxations, dogs, 381-389  
 anatomy, 381-382  
 background, 382  
 cause, 382  
 diagnosis, 382  
 treatment, 382-388

## SMALL ANIMAL SUBJECT INDEX—CONTINUED

### D

- Degenerative joint disease
  - current concepts of treatment, 1439-1447
  - treatment of, 275-284
- Dentistry (see also Exotic animal dentistry;
  - Gingival hyperplasia, dogs; Oral lesions, diagnosis of, canine; Orthodontics, basic, dogs), 813-839
  - anatomic disorders, 825-826
  - base-narrow lower canine teeth, 829
  - common pathologic disorders, 829-832
  - impacted upper canine teeth, 829
  - normal anatomic structure, 823-825
  - pathology unique to cats, 832-833
  - periodontium, 822-823
  - permanent and deciduous dentition, 820-823
  - retained deciduous teeth, 826-829
  - tooth morphology, 818-820
- Dermatophytosis, cats, 557-563
  - causative agents, 557
  - clinical signs, 557-558
  - diagnosis, 558-559
  - prevention, 561
  - treatment, 559-561
- Developmental aspects of fluid and
  - electrolyte metabolism and renal function, neonates, 392-403, 433
  - acid-base regulation, 395-396
  - distal nephron function, 396-397
  - fluid compartments and metabolic size, 400
  - perinatal development of the kidney, 392-393
  - pharmacokinetics, 400-401
  - proximal tubule function, 394-395
  - renal blood flow and glomerular filtration, 393-394
  - renal function in neonatal calves, 397-400
  - therapeutic considerations, 401
- Dietetics, feline, 607-611
  - debilitated patients, 610
  - feeding diabetic patients, 608-610
  - food intolerance, 608
  - home-cooked diets, 608
  - normal adult dietary considerations, 607
  - old age, 607-608
- Doppler echocardiography, 1679-1688
  - aliasing, 1683
  - clinical applications, 1683-1686
  - Doppler display, 1681-1682
  - Doppler effect, 1679-1680
  - Doppler equation, 1680
  - Doppler sampling techniques, 1682-1683
  - effect of the angle, 1680-1681

### E

- Echinococcus multilocularis*, 727-741
  - diagnosis in pet dogs and cats, 732-733
  - diagnosis of alveolar hydatid disease, 733-734
  - geographic distribution, 730-731
  - life cycle, 728-729
  - morphology of developmental stages, 728
  - pathology and clinical disease, 731-732
  - potential definitive and intermediate hosts, 729-730

- prevention, 734-735
- taxonomy, 728
- treatment, 735-738
- Electrosurgery, 407-415, 456
  - clinical guidelines, 411
  - forms of electrosurgery, 407-409
  - fulguration and electrodesiccation, 409
  - hazards of electrosurgery, 411-414
  - mucoperiosteum, 411
  - tissue response (vessels), 409-410
  - wound healing, 410-411
- Emergency care (see Cardiopulmonary resuscitation, canine)
- Exotic animal dentistry, 1229-1233
- Exotic animals, hematology of, 950-957
  - erythrocytes, 950-951
  - leukocytes, 951-955
  - platelets and thrombocytes, 955
- Exotics (see Avian surgery, general principles of;
  - Exotic animal dentistry; Exotic animals, hematology of; Freshwater tropical fish, medical management of disorders of; *Iguana iguana*, husbandry and clinical evaluation of; Marine fish, common disorders of; Reptiles, medical management of)

### F

- Facultative myiasis, 86-93, 96
  - diagnosis, 88-89
  - historical aspects, 86-87
  - life cycle, 87-88
  - pathogenesis, 88
  - treatment and control, 89-92
  - usefulness of surgical maggots, 92
- "First Do No Harm," exposition of, 1248-1262
- Fluoroquinolones, 1429-1434
  - adverse effects, 1432
  - bacterial resistance, 1432
  - clinical uses, 1432-1433
  - mechanism of action, 1431-1432
  - pharmacokinetics, 1429-1431
  - physical and chemical properties, 1429
  - spectrum of activity, 1432
  - structure, 1429
  - toxicity, 1432
- 4-Methylpyrazole, antidote for ethylene glycol intoxication in dogs, 1123-1127
  - chemistry, 1125
  - indications, 1125-1126
  - mechanism of action, 1125
  - pharmacokinetics, 1125
  - toxicity, 1125
- Fracture fixation (see Acrylic external fixation of fractures)
- Freshwater tropical fish, medical management of disorders of, 969-977

### G

- Geriatric dogs, dietetics for, 1762-1765
- Gingival hyperplasia, dogs, 1207-1213
- Glutathione metabolism affecting individual susceptibility to oxidant injury, comparative aspects of, 1079-1091

## SMALL ANIMAL SUBJECT INDEX—CONTINUED

- H** Hemangiosarcoma, canine, 1065-1075  
 clinical presentation and laboratory findings, 1065-1068  
 diagnosis, 1068  
 location and behavior of the tumor, 1065  
 treatment and prognosis, 1071-1074  
 Hepatic and biliary disease, cats, surgical management of, 1419-1426  
 High-rise syndrome, feline, 1389-1396  
 abdominal trauma, 1391-1392  
 facial and oral trauma, 1389-1390  
 limb and spinal fractures and luxations, 1390-1391  
 shock, 1392  
 thoracic trauma, 1389  
 Hip dysplasia, canine, 643-654  
 Hip orthopedics, feline, 1379-1387  
 acetabular fractures, 1381  
 avulsion of the greater trochanter, 1383-1386  
 coxofemoral luxation, 1380-1381  
 fractures of the femoral neck, 1382-1383  
 pathology, 1380  
 slipped capital epiphysis, 1381-1382  
 Hyperadrenocorticism, dogs, 615-620, 631  
 clinical signs, 615-616  
 diagnosis, 616-618  
 treatment, 618-619  
 Hyperadrenocorticism, topics in, 1797-1806  
 Hypereosinophilic syndrome, cats, 549-555  
 Hypertensive disease, canine, 1785-1793  
 Hyperthyroidism, cats, 1399-1410  
 clinical presentation, 1399-1400  
 diagnostic evaluation, 1400-1401  
 medical management, 1401-1402  
 radioactive iodine therapy, 1407  
 surgical management, 1402-1407

- I** Idiopathic megacolon, cats, 1411-1417  
*Iguana iguana*, husbandry and clinical evaluation of, 1265-1269, 1272  
 Infectious diseases (see Aspergillosis and penicilliosis, canine)  
 Insulin resistance and diabetes mellitus, 197-202  
 cause of insulin resistance, 197-199  
 clinical recognition, 199-200  
 diagnostic evaluation, 200-202  
 Intestinal diverticular malformations, 426-433  
 Isobutyl-2-cyanoacrylate, effects on skin healing, 80-83

- L** Laryngeal paralysis, canine, surgical options for, 1531-1541  
 Leeches in veterinary medicine, 447-454  
 beneficial use of leeches, 450-453  
 pathologic sequelae of leech attachment, 448-450  
 Lumbosacral diseases, canine  
 anatomy, pathophysiology, and clinical presentation, 61-69, 79  
 definitive diagnosis, 213-215  
 pathophysiology, 62-65

prognosis, 221  
 treatment, 215-221

- M** Marine fish, common disorders of, 960-967  
 bacterial disease, 964  
 disease related to environment, 960-963  
 fungal disease, 964  
 marine patient, 960  
 parasitic disease, 964  
 viral and chlamydial disease, 963-964  
 Mast cell tumors, diagnostic cytology of, 1697-1701, 1704  
 cytologic description, 1699-1700  
 cytologic interpretation, 1700-1701  
 smear preparation and staining, 1697-1698

- N** Neonatology (see Developmental aspects of fluid and electrolyte metabolism and renal function; Neonatology, canine)  
 Neonatology, canine, disorders of, 25-37  
 disorders resulting from diet, 26  
 environmental factors, 26-27  
 genetic disorders, 33-34  
 immune disorders, 35  
 infectious causes of neonatal death, 27-33  
 nutritional factors, 25-26  
 toxic milk syndrome, 34-35  
 Nutrition (see Diabetes mellitus, canine; Geriatric dogs, dietetics for)  
 Nutritional support (see also Tube gastrostomy), patient selection, 255-261

- O** Omeprazole, a potent antiulcer drug, 1578-1582  
 Oral lesions, diagnosis of, canine, 1215-1226  
 Orthodontics, basic, dogs, 1237-1247  
 brackets, 1240-1242  
 impressions and cast models, 1238-1240  
 interceptive orthodontics, 1242-1244

- P** Pain (see also Pain, acute, veterinarians role in)  
 control of, 181-193  
 miscellaneous agents, 190-191  
 mixed action agonist and antagonist narcotic analgesics, 184  
 narcotic antagonists, 184-185  
 nonnarcotic analgesics, 185-190  
 opioid analgesics, 181-184  
 psychotropic agents: tranquilizers, 190  
 selective nerve blocks, 190-191  
 treatment of pain in dogs and cats, 191  
 physiology of, 71-79  
 evaluation of pain, 74-75  
 organization of pain, 71-75  
 Pain, acute, veterinarian's role in  
 assessment and management, 804-809  
 control of, 911-916, 921  
 when to use analgesics, 915  
 Pancreatitis, acute in dogs, 1769-1781  
 Parasitic mites, 783-801

## SMALL ANIMAL SUBJECT INDEX—CONTINUED

Parasitology (see Coccidial parasites, *Echinococcus multilocularis*, Parasitic mites, *Trichuris* and other trichinelloid nematodes, Trypanosomiasis)

Perianal fistulas, dogs, 621-631

anatomy, 621-622

differential diagnosis, 623

histopathology, 622-623

pathogenesis, 623

treatment, 623-627

Pericardial effusion

diagnostic approach and treatment, 633-642

normal pericardium and causes and

pathophysiology of pericardial effusion, 417-424

Platelets, role in inflammation and body

defense, 1129-1137

hemostasis, 1129-1130

role of platelets in inflammation and body

defense, 1130-1133

Primates, captive, providing enrichment to,

1689-1695

nonsocial enrichment, 1690-1692

redirecting abnormal behaviors, 1692-1694

social enrichment, 1690

Pulmonary hypertension, 226-233

diagnosis, 230

pathophysiology, 226-227

predisposing disorders, 227-230

treatment, 230-231

Pulmonary thromboembolism, pathophysiologic

sequelae of, 1811-1818

### R

Radiation therapy, 262-273

concept, 262

considerations, 262-264

maxims, 262

radiotherapy and surgery, 264-272

Rectum, dorsal surgical approach to in dogs,

1519-1529

clinical evaluation of the dorsal approach,

1520-1528

surgical approaches, 1519-1520

Renal tubular acidosis, 435-435

Reperfusion injury, 923-930

free radical scavengers used in treating

reperfusion injury, 927

mechanism of action, 923-927

Reptiles, medical management of, 980-988, 993

Retrograde vaginocystography, 934-941

### S

Sporotrichosis, diagnostic cytology, 207-211

### T

Temporomandibular joint conditions, unusual, surgical correction of, 1570-1576, 1583

Thorax, pathologic conditions of in dogs,

1545-1556, 1671-1677

conditions of the diaphragm, 1674-1675

conditions of the lungs, 1545-1550

conditions of the pleural space, 1550-1553

conditions of the thoracic wall, 1671-1674

*Trichuris* and other trichinelloid nematodes,

769-780, 801

Trypanosomiasis (American) in dogs, 745-755

cause and life cycle, 745-746

clinical findings, 746-747

diagnostic aids, 747-750

epidemiology, 746

pathogenesis, 746

pathology, 750

prevention, 752

public health considerations, 752

treatment and prognosis, 750-752

Tube gastrostomy, percutaneous, 15-22

### V

Viral upper respiratory infection, cats, 593-602

clinical signs, 594-596

diagnosis, 596-598

general comments, 593-594

management of outbreaks, 600-602

public health considerations, 602

treatment, 598-600

## EQUINE SUBJECT INDEX

**A**

Acute laminitis, pathophysiology of, 1003-1011  
 causes, 1005-1009  
 pathophysiologic mechanisms, 1003-1005  
 Anesthesia (see also Postanesthetic Myopathy),  
 inotropic agents and vasopressors in,  
 118-121  
 Antithrombin III, 100-107  
 antithrombin III activity in animals, 104-105  
 antithrombin III deficiency in humans, 103-104  
 antithrombin III testing, 103  
 future prospects, 105-106  
 normal hemostasis, 100-101  
 role of antithrombin III, 101-102  
 studies of equine antithrombin III, 105

**C**

Castration, management of complications,  
 1835-1843  
 Clinical manifestations of squamous cell  
 carcinoma, 669-677  
 diagnosis and treatment, 671-675

gross and microscopic appearance, 670-671  
 incidence and cause, 669-670

**D**

Dental disorders, 1451-1461, 1466  
 abnormal numbers of teeth, 1454  
 age determination, 1452  
 clinical examination and diagnostic evaluation,  
 1453  
 clinical signs of disease, 1452  
 developmental abnormalities, 1453-1454  
 individual tooth abnormalities, 1454-1456  
 neoplastic, inflammatory, and infectious  
 diseases, 1456-1458  
 surgical procedures, 1458-1460  
 tooth anatomy, 1451-1452

**E**

Echocardiographic findings in horses with  
 congenital heart disease, 109-117  
 Endoparasites in horses, control programs for,  
 1012-1018

# EQUINE SUBJECT INDEX—CONTINUED

anthelmintics, 1012-1014  
control programs, 1014-1015  
designing appropriate control programs, 1015-1016  
evaluation of control programs, 1017  
management practices to enhance control, 1015  
resistance to anthelmintics, 1016-1017

**G** Gastric parasites, 850-858  
biologic characteristics, 850-853  
diagnosis, 853-856  
pathogenicity, 853  
treatment and control, 856-857

**H** Hepatic encephalopathy, 1153-1161  
clinical signs, 1153-1155  
diagnosis of hepatic encephalopathy, 1158  
pathophysiology of hepatic encephalopathy, 1155-1157  
prognosis, 1160  
treatment, 1159  
Hypertonic saline in the management of shock, 665-668  
Intraabdominal adhesions, 1587-1597, 1602

**I** Intraabdominal hernias, 293-299  
diaphragmatic herniation, 293-294  
epiploic foramen herniation, 295-296  
gastrosplenic herniation, 296  
other hernias, 296-298

**N** Navicular disease, therapy for, 1462-1466  
Nuclear medicine, impact on equine diagnostic procedures, 1717-1719, 1723  
Nutritional muscular dystrophy, foals, 476-490

**P** Parasitology (see also Gastric parasites; Protozoal myeloencephalitis; Strongyles, small), equine, research and clinical practice, 859-861  
Parenteral nutrition, 461-469, 490  
compounding, 467  
energy requirements, 462  
energy sources, 462-465  
fluids and electrolytes, 465-466  
patient selection, 461-462  
trace elements and vitamins, 466-467  
Postanesthetic myopathy, 1709-1716  
Protozoal myeloencephalitis, treatment of, 1599-1602

**R** Recumbent horses, supportive medical care of, 1287-1295  
complications: pathophysiology and management, 1290-1293  
general diagnostic approaches, 1287-1289

**S** Semen preservation, 289-291  
cryopreservation, 291  
general considerations, 290  
liquid preservation, 290-292  
status of preserved semen in the equine industry, 289-290  
Septic tenosynovitis, 301-310  
clinical signs, 301-302  
diagnosis, 302-303  
treatment, 303  
Smoke inhalation injury, 1162-1169  
clinical course, 1165-1166  
diagnosis, 1166  
mechanisms of injury, 1162-1163  
pathophysiology, 1163-1165  
treatment, 1166-1168  
Strongyles, small, 863-869  
clinical syndromes associated with cyathostome infection, 865-866  
control of cyathostomes, 866-868  
parasitic life cycle and host responses, 864-865  
Surgical treatment of laryngeal hemiplegia, 472-475  
arytenoidectomy, 474-475  
laryngeal reinnervation, 475  
laryngoplasty, 474  
ventriculectomy, 473-474

**U** Ultrasonographic imaging of the structures of the digital flexor tendon sheath, 1824-1833  
Ultrasonography, pediatric, 1277-1285  
abdominal organs, 1281  
eyes, 1284  
gastrointestinal tract, 1280-1281  
hernias, 1278-1279  
musculoskeletal system, 1283-1284  
peripheral vascular system, 1284  
thorax, 1281-1283  
umbilicus, 1277-1278  
urinary tract, 1279  
Uterine defense mechanisms and pyometra, mares, 659-663  
hormones and immunoglobulins, 661  
hormones and neutrophils, 661-662  
immunoglobulins, 660-661  
neutrophils, 661  
open versus closed pyometra, 660  
organisms isolated in pyometra, 662  
predisposing factors, 659-660  
role of uterine defense mechanisms, 660  
treatment, 662

# FOOD ANIMAL SUBJECT INDEX

## A

Anthelmintics and anticoccidial compounds, cattle, 1847-1860  
 coccidiosis, 1853  
 fascioliosis, 1853-1856  
 internal parasitism, 1847-1848  
 nematode parasites, 1848-1853  
 parasite resistance, 1853  
 tapeworms, 1856

## B

Body condition scoring, dairy cows, 1309-1313, 1321  
 Bovine leukemia virus  
   descriptive epidemiology, clinical manifestations, and diagnostic tests, 315-327  
   economic impact and control measures, 1727-1737, 1748  
   risk factors of transmission, 681-691  
   zoonotic potential, molecular epidemiology, and an animal model, 1631-1640

## C

Catfish (channel), medical management of, 160-167  
 Commingled feeder pig, management of, 505-508  
 Consultant relationships, establishment of, 1337-1339  
*Cryptosporidium parvum* infection, swine, 891-894

## D

Dairy enterprise analysis model  
   practice, 335-342  
   theory, 149-159, 168  
 Digit amputation, alternatives to, 1022-1035  
 Disease eradication in grower-finisher section, 329-331

## E

Energetics, practical in lactating dairy cows, 1625-1629, 1650  
 Extralabel drug use and withdrawal times, dairy cattle, 1341-1350

## G

Gases (ammonia, carbon monoxide, carbon dioxide, hydrogen sulfide, and methane) in swine confinement facilities, 1483-1489  
 Gilt pool management, 133-137

## H

Holstein beef calves, preparation for the feedyard, 1739-1744

## O

Optimizing heifer growth rates in high-producing dairy herds, 693-700  
 Oral rehydration in management of neonatal diarrhea, 345-350

## P

Preconditioning for cow-calf producers, 495-501

Parasitology, bovine (see Anthelmintics and anticoccidial compounds; Scabies; Worm control in cattle)  
 Parasitology, swine (see *Cryptosporidium parvum* infection, Salmonella in swine)  
 Pelvimetry, beef cattle, veterinary application of, 1315-1321  
 Peritoneal fluid  
   abdominocentesis in cattle and interpretation of nonneoplastic effusions, 703-710  
   pathophysiology and classification of nonneoplastic effusions, 519-526  
 Piglet mortality (enzootic), between birth and weaning, 1642-1650  
 Porcine proliferative enteritis, 1172-1178

## R

Reasoning, clinical, and the diagnostic process, 1615-1622  
 Receiving and growing rations, 1037-1046  
 Rectal prolapse, food animals, 1869-1873, 1844  
   management of salvageable prolapses, 1871-1873  
   management options, 1870  
   pathophysiology, 1870  
   predisposing factors, 1869-1870  
   resolving the prolapse, 1870-1871  
   salvage or euthanasia, 1871  
 Reproductive health management, dairy herd, evaluating dairy herd performance, 1491-1503  
 Respiratory syncytial virus vaccination, bovine, 1323-1332, 1334-1335

## S

Salmonella in swine, 139-147  
 Scabies, cattle, 875-877  
 Scrapie, sheep, 511-514  
 Slaughterhouse information in swine production management, 1861-1867

## T

Transmissible enteritis, epidemiology of in large herd, 1475-1477, 1480-1481  
 Trenbolone acetate as a growth promotant, 1179-1190  
 Types I and II errors, analysis of, 1471-1473, 1489

## W

Worm control (in cattle), practitioner's role, 879-888  
   each farm is different, 880  
   fecal egg counts, 881  
   fecal flotation, 881-882  
   flotation fluids, 884  
   McMaster slide kits, 882-884  
   misinformation, 880-881  
   numbers to be sampled, 881  
   quantitative techniques, 882  
   take care of worm control, 879  
   two key questions, 879-880  
   immune status, 879-880  
   pasture infectivity, 880
